

Rainy Drops

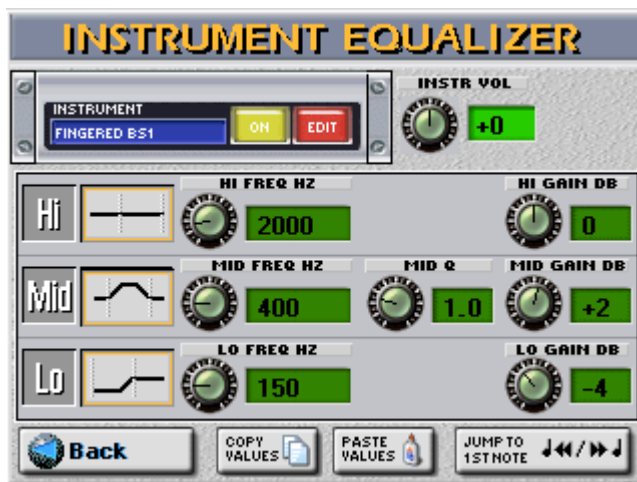

The Ready To Play Style “Rainy Drops” is based on a Country Style typical for the Music of the late 60’s and made for playing the Song “Raindrops keep falling on my head” written by Burt Bacharach.

The Song also was played in the famous movie “Butch Cassidy and the Sundance Kid” with Robert Redford and Paul Newman.

I started by selecting the Internal Style “Slow Country” and went into the Style Make Up Tools for changing some sounds and for adjusting levels to suit the modified sound texture.

Every Sound can be equalized for keeping the Style transparent.

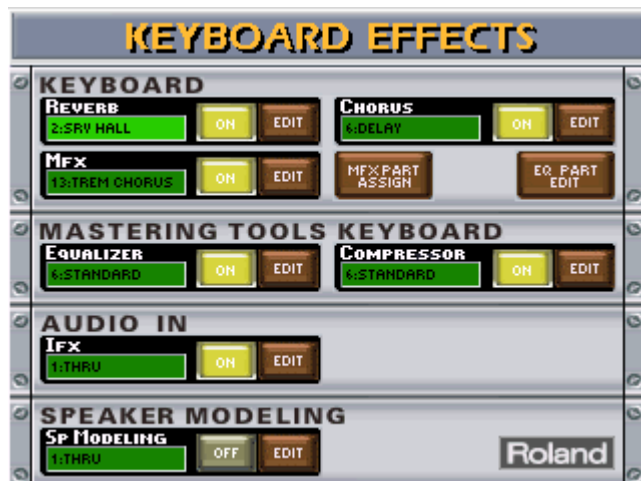

From there I set the focus on the Melody Sounds. (please refer to Playing Instructions)

Now, the most important parts in creating high quality Registration Data begin:

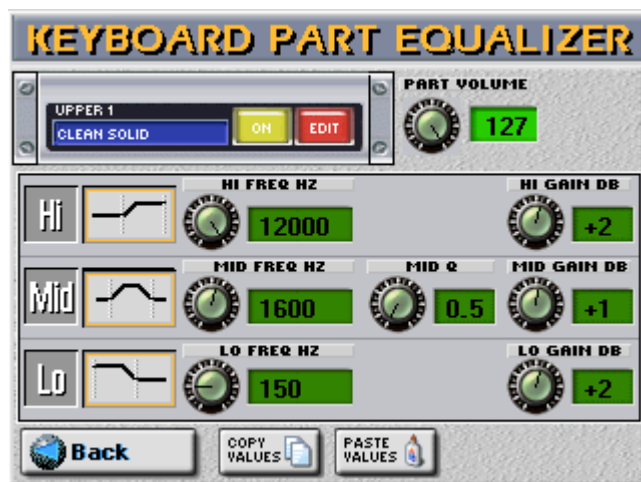

The Mixing.

The selection and adjustment of nice Effects like Reverb, Chorus, Delay, etc ...

For the final adjustment I even used the individual Part Equalizer. This helps keeping the Sound transparent, clear and still warm and gentle.

Playing Instructions:

The MA Program (Music Assistant User Program) “Rainy Drops” is using a Electric Guitar, made for playing the Introduction of the Song.

On OTP 1 (One Touch Program) there is a nice Mute Guitar Sound with a Triplet Delay made for playing the 1st Verse of the Song.

OTP 2 is adding some Synth Sounds for playing the 2nd Verse.

Switch to OTP 3 for playing the Chorus with a great String Orchestra.

Use OTP 4 for playing another Verse (you might want to transpose one Step up) with a warm Flugel Horn Sound, gently supported by the famous ROLAND Scat Voices.

You can hear the result by listening to the mp3 Sound Example.

I hope you enjoy playing with my RTP Styles as much as I do.

Yours sincerely
Ralf Schink
